

Scoil Bhreac Chluain Rap

It's been a long day without you my school and I'll tell you
all about when it will be so cool .

We've come a long way to reach this good day and I'll tell
you all about when I visit again.

When I visit again

Woah, who knew all the lessons we learned good things we
went through ,

Clar would standing talking to you

bout another way to help us for the big today

I know we loved to have fun and also have a laugh but
someone told me that I have to change have to grow up get
bigger in the wider range and now you see I'm in a better
place,

How can we not talk about friendship when that's all we got
everything I went through, they were standing by my side
and they will be with me till my last ride.

Its been a hard day without you my school and I'll tell you
all about when it will be so cool ,

We've come long way to reach this good day and I'll tell
you about when I visit again , when I'll visit again.

Yo, who knew all the days that flew
hard times we went through

Mary Murphy would be standing talking to you bout another
sum so that she won't get to call my mum

I know we loved to hit the road for the amazing craic

but someone told me that I can't come back have to move
on have to grow taller in the bigger pond and now you see
I'm in a better place.

How can we not talk about teacher's when they taught us
all we got
and the SNA 's would help us with lot
and they will be with me till my last ride.

Its been a hard day without you my school and I'll tell you
all about when it will be so cool we've come a long way to
reach this good day and I'll tell you all about it when I visit
again ,when I visit again.

Yo who knew all the cooking that was taught
good things that we ate
Liz would be standing talking to you
how to stir the pot
so we make sure we won't let it rot
and then there's Trish who we would barely see
in the background working as hard as busy bee
but now we have to say goodbye
but i will remember this school till the day i die.
